Happiness around every corner

The region's powerful, magnetic attraction began 400 million years ago with an epic meteorite impact that sculpted one of the most beautiful and unique landscapes in Quebec. It also left behind a particular magnetism and energy where visitors stop, breathe and reawaken their senses. A reconnection worth experiencing.

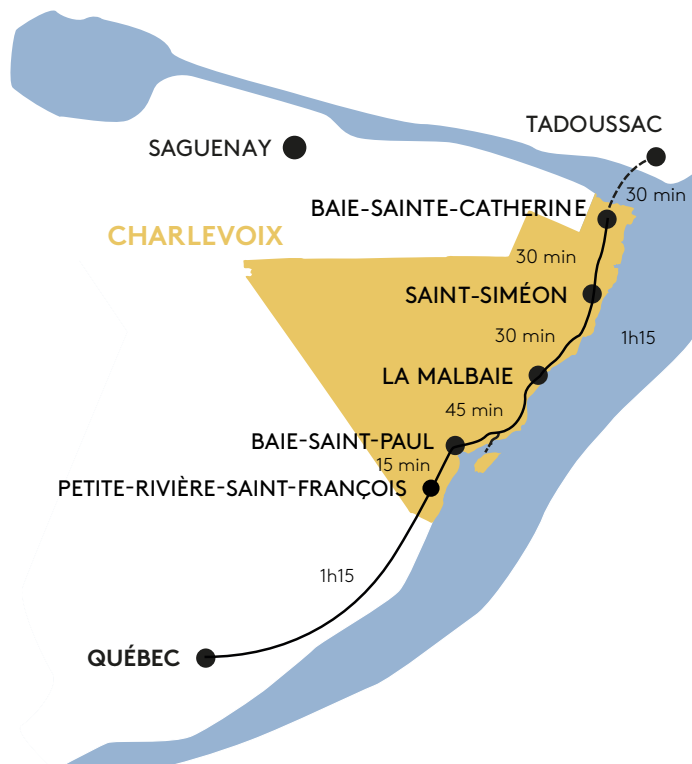

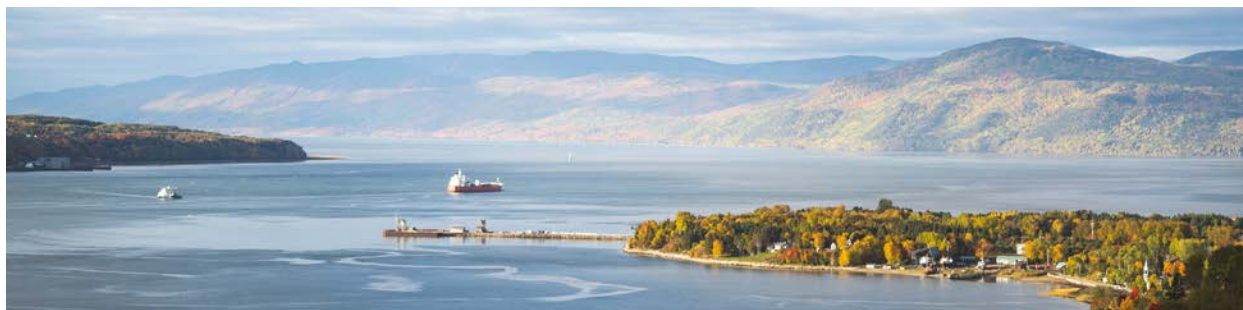

When you embark on the panoramic routes of this region, surrounded by magnificent landscape and a playlist specially created for the occasion, every kilometer will turn into a memorable moment.

St. Lawrence Route

It is hard to lose sight of the river, which makes this route irresistible from start to finish. And if you are able to leave early, the sunrises are so incredibly beautiful that you really have to see them to believe them. On the way, stop at **Domaine Forget de Charlevoix**, an internationally renowned music and dance academy. Then hit **Alpagas Charlevoix** to meet the most interesting creatures. Finally, finish your journey with a visit to **Isle-aux-Coudres** and its numerous attractions. Let the St. Lawrence Route send you in the direction of a truly authentic experience.
